

MATTHEW SUTIONO

Computer Science Undergraduate | Intelligent Systems

ABOUT ME

Computer Science undergraduate specializing in Intelligent Systems with interests in software development, data, and applied AI. Experienced in leading and building academic projects, with a strong curiosity for learning new technologies and turning ideas into practical solutions.

EXPERIENCE

SOFTWARE ENGINEERING PROJECT LEAD

Habit Flow | BINUS University | 2026

Led a five-member team to develop a full-stack habit tracking application with AI-powered weekly insights. Contributed across frontend and backend development, database design, authentication, testing, and AI integration.

MACHINE LEARNING / NLP PROJECT LEAD

Toxic Comment Detector | BINUS University | 2026

Led a three-member team in developing a toxic comment classification system. Focused on model training, experimentation, and evaluation for toxic and non-toxic comment classification.

COMPUTER VISION PROJECT CONTRIBUTOR

Tomato Leaf Disease Detection | BINUS University | 2026

Collaborated in a seven-member team to develop a tomato leaf disease detection system. Focused on testing, edge-case analysis, and evaluating model behavior on non-leaf inputs.

BRAND MARKETING ASSISTANT

DJI Indonesia | Erajaya Group | May 2024 – Jul 2024

Managed DJI Indonesia's Instagram presence and supported product workshops and new-product launch events. Gained experience in communication, event coordination, and understanding audience feedback.

EDUCATION

BINUS University

Bachelor of Computer Science
(Intelligent Systems)

2024 - Present

GPA: 3.91 / 4.00

SKILLS

- Programming
 - Python, C, C++, JavaScript
- Development
 - HTML, CSS, React, Next.js
- Database
 - MySQL, PostgreSQL, SQL
- Data & AI
 - Pandas, NumPy, Machine Learning, NLP, Computer Vision, LLM / AI APIs
- Tools
 - Git, GitHub

LANGUAGE

- English
- Indonesian (Native)
